ASTCT Pharmacy SIG Journal Club Session
November 20, 2024
2:00-3:00 PM CDT

TARGET AUDIENCE
This session is intended for pharmacists and other members of the health care team who are involved in managing patients undergoing hematopoietic stem cell transplant or cell therapy.

PROGRAM OVERVIEW
This webinar consists of two, 30-minute journal club presentations, which include 20 minutes for the presentation and 10 minutes for discussion and a Q & A session. In the *November Journal Club* session, Drs. Kasper and Atkins will present two articles related to:

a. Axatilimab in recurrent or refractory cGvHD, and
b. Safety and efficacy of maribavir vs. valganciclovir in patients with CMV post-HCT

LEARNING OBJECTIVES
Upon completion of the activity, participants should be able to:

- Summarize current treatment options for chronic graft-versus-host disease (cGVHD) following allogeneic stem cell transplant
- Analyze the safety and efficacy of axatilimab at various doses in patients with relapsed or refractory cGVHD
- Assess the place in therapy of axatilimab based on data presented in the AGAVE-201 study
- Discuss current standard of care for the management of CMV in patients post-HCT
- Analyze the AURORA trial and associated implications for clinical practice
- Address limitations of the AURORA trial and future research directions for CMV management

FACULTY & ARTICLES

Ryan Kasper, PharmD
PGY-2 Pharmacy Resident
University of Pennsylvania
Article**:** Axatilimab in Recurrent or Refractory Chronic Graft-versus-Host Disease

Payton Atkins, PharmD
PGY-2 Pharmacy Resident
University of Kentucky
Article: Treatment for First Cytomegalovirus Infection Post-Hematopoietic Cell Transplant in the AURORA Trial: A Multicenter, Double-Blinded, Randomized, Phase 3 Trial Comparing Maribavir With Valganciclovir

Instructions for Participation and Requesting Credit
There are no fees for participating and receiving credit for this activity. Successful completion is achieved by reviewing the CE information, completing the activity, and completing the posttest and evaluation form. A score of at least 75% on the posttest is required to successfully complete this activity. The participant may take the test until successfully passed.

Credit Fulfillment

- If you are a pharmacist requesting ACPE credits, your credit request will be uploaded to CPE Monitor within 60 days

ACCREDITED PROVIDER

This activity is jointly provided by The France Foundation and American Society for Transplantation and Cellular Therapy (ASTCT).

In support of improving patient care, this activity has been planned and implemented by The France Foundation and American Society for Transplantation and Cellular Therapy (ASTCT). The France Foundation is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

CREDIT DESIGNATION

Pharmacists

This knowledge-based activity, UAN JA0007204-9999-24-093-L01-P, qualifies for 1.0 contact hour (0.10 CEU) of continuing pharmacy education credit. **Please submit all evaluations and credit requests no later than 30 days after you complete this activity to ensure your credit fulfillment, as CE credit cannot be awarded past 60 days from the activity date.** Your CE credits will be electronically submitted to the NABP upon successful completion of the activity. Pharmacists with questions can contact NABP customer service (custserv@nabp.net).

All other healthcare professionals completing this course will be issued a statement of participation.

DISCLOSURE POLICY
In accordance with the ACCME Standards for Commercial Support, The France Foundation (TFF) and the American Society for Transplantation and Cellular Therapy (ASTCT) require that individuals in a position to control the content of an educational activity disclose all relevant financial relationships with any commercial interest. TFF and ASTCT resolve all conflicts of interest to ensure independence, objectivity, balance, and scientific rigor in all of their educational programs. Furthermore, TFF and ASTCT seek to verify that all scientific research referred to, reported, or used in a CME/CE activity conforms to the generally accepted standards of experimental design, data collection, and analysis. TFF and ASTCT are committed to providing learners with high-quality CME/CE activities that promote improvements in health care and not those of a commercial interest.

Disclosures
The individuals listed below disclosed the following relevant financial relationships:

Name of Individual	Individual's Role in Activity	Name of Commercial Entity	Nature of Relationship(s)	Mechanism(s) implemented to resolve conflict of interest
Ashley Smeaton, MHA	TFF Staff	No relevant financial disclosures	N/A	N/A
Elizabeth Eubanks, PharmD, BCOP	Reviewer/Mentor	1. Medexus Pharmaceuticals, Inc., Dedham Group	1. Non-CE Consulting	The following relationships were mitigated by: • Medexus Pharmaceuticals ended 5/25/22 • Dedham Group ended 3/24/23
Erin Eberwein, PharmD, BCOP	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Haedyn Smith	ASTCT Staff	No relevant financial disclosures	N/A	N/A
Jade Braun, PharmD	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Katelyn Yamartino, PharmD	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Olivia White, PharmD, BCOP	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Payton Atkins, PharmD	Faculty	No relevant financial disclosures	N/A	N/A
Pearl Abraham, PharmD, BCPS, BCOP	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Ryan Kasper, PharmD	Faculty	No relevant financial disclosures	N/A	N/A

DISCLOSURE OF UNLABELED USE
TFF and ASTCT require CE faculty (speakers) to disclose when products or procedures being discussed are off label, unlabeled, experimental, and/or investigational, and any limitations on the information that is presented, such as data that are preliminary or that represent ongoing research, interim analyses, and/or unsupported opinion. Faculty in this activity may discuss information about pharmaceutical agents that is outside of US Food and Drug Administration approved labeling. This information is intended solely for continuing medical education and is not intended to promote off-label use of these medications. TFF and ASTCT do not recommend the use of any agent outside of the labeled indications.

If you have questions, contact the Medical Affairs Department of the manufacturer for the most recent prescribing information.

DISCLAIMER

TFF and ASTCT present this information for educational purposes only. The content is provided solely by faculty who have been selected because of recognized expertise in their field. Participants have the professional responsibility to ensure that products are prescribed and used appropriately on the basis of their own clinical judgment and accepted standards of care. The France Foundation and ASTCT assume no liability for the information herein.

CONTACT INFORMATION

If you have questions about this CE activity, please contact The France Foundation at 860-434-1650 or info@francefoundation.com**.**
